

# Holiday Gift Guide

The Kentucky Fiber Trail is both physical and online. We want to give local producers outlets to market their products, both online and with local retailers. We want to also give retailers places to acquire local, Kentucky fibers and fiber products for their shops. And most of all- we want to give our patrons a map of where to shop and visit across the state!

We want to see Kentucky grown fiber flourish and show everyone that trails aren't just for bourbon anymore!

Our 2022 Holiday Gift Guide is linked to our Member's individual websites and online stores- as you are shopping this season, be sure to shop local and support some of the best fiber friends in the Bluegrass!
